

Introducing Cobham & Downside Residents' Association

**Could you get involved
to support Cobham & Downside?**

The CDRA is non-political and lobbies for good development and infrastructure/facilities for our town and surrounding area

We were set up nearly 70 years ago and have good relations with both Surrey County Council and Elmbridge Borough Council

We are inviting interested residents to get involved as active committee members

Issues of concern to Cobham and Downside

The following are some of the current issues facing our community:

- Increasing traffic in the area
- Parking problems
- Potholes on our roads
- Inappropriate development in the area
- Lack of affordable housing
- Overcrowded doctors' surgeries
- Fewer police on the streets
- Pollution
- Preserving our greenbelt
- Lack of local school places

With many matters to tackle and the retirement of several long serving committee members we are seeking enthusiastic residents to join the committee. We meet ten times a year and getting involved would typically take a few hours a month. Interested? Email Sue Kilpatrick, cdra@live.co.uk, by August 31st for an initial discussion.
